

*“Dressing well  
honors the people  
who see you  
and the place  
you are in.  
For that matter,  
dressing well  
honors continuity  
and history.”*

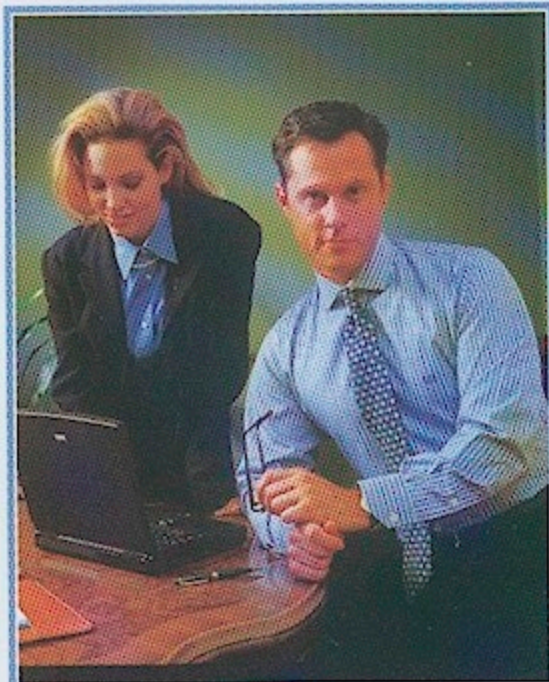

Owen Edwards  
*writer,  
GQ/Town & Country*

*The  
Key to  
Achieving  
Personal  
Style*

Since, as the saying goes, "the clothes make the man", custom tailored clothing is the key to achieving your personal style. The custom shirt is an integral part of this process. Your selection of a fine fabric, collar and cuff styles and other distinctive features such as hand embroidered monograms, will convey your concern for elegance and attention to detail.

We would like to offer you the opportunity to create a custom-made shirt that is finely handcrafted to your personal measurements with special attention to the individualized detailing you desire.

Consider our standard features if you will:

- *Over 450 premium cotton and cotton blend fabrics*
- *Hand-cut, hand-turned collars*
- *Fused collars, cuffs and front plackets*
- *Pockets are fitted by hand to match stripe or pattern*
- *Generous tails*
- *Hand-embroidered monograms*

To create your shirt, we will take over 11 measurements, making note of any special fitting requirements. We will then assist you with fabric selection, collar, cuff and pocket designs and any other features that will enhance your personal style.

We offer the finest premium cotton and cotton blends from Switzerland, England and Japan. These beautiful fabrics combine comfort and durability to create a distinctive and long-lasting shirt.

Ready-made shirts cannot match the attention to detail offered by a finely handcrafted custom-made shirt. And, since our price range is competitive with the best ready-made shirts, there is no reason to not experience the luxury and confidence a custom-made shirt provides. The care and dedication provided by us will make your purchase a unique and satisfying experience.

*"In today's world, taste and style, although admired by many, is a rare occurrence. A well turned out man or woman conveys an air of authenticity that is refreshing and honest."*

D. B. Walsh, designer
